

# PREP TO YR 3 SWIM FOR FREE, 4 FREE SWIMMING LESSONS

Dear Parent/Guardian,

The Y would like to thank you and to let you know we were thrilled to have your child participating in the school swimming program and would like to invite you to join our Swim School for continued swimming lessons.

The Y Swim School, Victoria Point would like to give your child with **4 FREE** swimming lessons to provide you with a kick start to "The Y Community Incentive, PREP TO YR 3 SWIM FOR FREE" No obligation at all.

If you already a part of our swim school, don't worry you will not miss out!! You will receive your 2<sup>nd</sup> lesson free for 4 lessons.

We at The Y Swim School understand how important it is for your child to be safe in and around the water. We strive to ensure your child enjoy his/her lessons, have fun swimming, and for you to feel assured that s/he is safe swimming in social situations.

We consider it not only our job to provide quality lessons of value and success, but our honour. With our highly trained and qualified teaching team we will endeavour to provide your child with consistent and professional training in swimming strokes and water safety.

Please understand that learning to swim is not only a developmental process, like learning to walk. Your child needs to be safe in and around the water and here at The Y Swim School we can give this to your child at her/his own pace, a pace that will allow her/his learning to stick with him/her for a lifetime.

We work in partnership with parents to bring a young swimmer from uncertainty in water to comfort and confidence and finally to skill and good judgment. We ask that you trust our training and experience.

We hope here at The Y Swim School your child learns a very important life skill that will allow him/her an opportunity to love the water as much as we do.

Please contact us via email, phone or drop by for booking details and provide this letter for your **4 FREE** lessons. We look forward to seeing you soon.
